

C. E. Jennings & Co.'s Superior Quality Auger Bit Sets, No. 710.

Packed in Flexible Canvas Rolls. Patent Applied For.

These Bits are made from the finest Tool Steel it is possible to procure for the purpose, ground to exact size and designed for Mechanics' use, and not intended to compete with the low priced tools of this pattern now on the market. Each bit is stamped with our full name and number as a guarantee of quality. We also test every bit before leaving the works and give the consumer our absolute guarantee authorizing the Dealer to take them back if defective in any particular. We have recently designed an improved roll for packing these bits and have applied for a patent on the same—hereafter all our No. 710 Sets will be packed in these Rolls. They are made of dark-colored canvas, well-lined with blue canton flannel, having a receptacle for each Bit, Shanks and Points protected by extra canvas. It makes it very convenient for the mechanic to keep the Bits safe from injury, and to carry them wherever needed. The case rolled up, with the Bits complete, measures 3x11 inches, and it may be thrown into the kit of tools without injury to the Bits, or to other tools with which it may come in contact.

No. 710 Set. Improved Pattern Extension Lip, full polished, 13 Bits, 32½ quarters, one each, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16—16 inch, per set, \$6.25. These sets or our No. 10 Bits in separate sizes can be obtained of any Hardware house in the United States. In case they cannot furnish them send direct to us.

C. E. JENNINGS & CO.'S CHISEL SET.

These Chisels are made from the finest Tool Steel, tempered by an improved process, ground sharp and honed ready for use and put up with patent improved leather tipped handles.

This cut represents our No. 70 Chisel Set, containing one each of the following sizes, 1/8, 1/4, 3/8, 1/2, 5/8, 3/4, 7/8, 1, 1 1/4, 1 1/2, 1 3/4, 2 inches. In fancy wooden box.

Our list of Tool Chests is now ready and will be sent on application. We use only our best tools in our high grade chests and make a low price for the chest complete for the sake of introducing our own make of tools.

C. E. JENNINGS & CO., 79 Reade & 97 Chambers Sts., New York.
